

Cottage Cove Innovations, LLC Product Information Sheet

ORCHID 301

ID #

NUTRITIONAL- Liquid

Brief description:

Orchid 301 is a complex copper, iron, manganese, and zinc cocktail custom blended specifically for application to your orchids to enhance color and blooms

Directions for Use:

- Apply **ORCHID 301** as a foliar spray **Fruit Special 8-3-9** around the stem/trunk making sure not to apply over the top or near the stem of the plant
- Apply enough product to ensure thorough coverage.

Recommended Rates:

- One 18-ounce bottles make up to 4 gallons mixed with water
- Mix approximately 3-4 oz of Orchid 301 with 1 gallon of water and mist lightly over your orchids

Application Methods & Frequency of Application

- Applied as a monthly spray on the roots and leaves of your plant, Orchid 301 will promote lush green growth and blooms for long periods of time during the year
- Every three months alternated treatment with a mild balance treatment such as 20-20-20.
- **Do not** dilute solution or tank mix with other liquid fertilizer and pesticides

Apply fertilizer in accordance with best management practices established by your State University or Cooperative Extension Service. Observe any State or Local fertilizer regulations pertaining to fertilizer content, application rates, or timing of application specific to your locale
