EXTRA POTASSIUM AT THE TIME OF FRUITING

SUPPORTS FRUIT DEVELOPMENT,
FLOWERING AND MATURITY

WHAT IT DOES

- ✓ Provides potassium and magnesium during the critical fruit-setting and maturity period.
- ✓ Supports bud development, flowering and fruit set.
- ✓ Helps the plant through fruit development and maturity.
- ✓ Part of a complete program for healthy, productive plants.

BEST FOR

CITRUS

FRUIT TREES

FRUITING
VEGETABLES

FRUITING
PLANTS

Ideal for fruit trees and citrus. Also suitable for other fruiting plants where additional potassium is needed during the fruiting period.
